

# Responsible Learner

## Responsibility

- I always attend class, on time, am prepared, and complete my homework on time.
- I behave myself at school and take responsibility for myself and my actions, including making up for missed work when I miss school.

## Organization

- I keep my work organized and make excellent use of class time given to me.
- I can plan how best to complete assignments or do a good job following plans that are set for assignments.
- I can recognize, find, judge, and use the best information for my work.
- I show critical thinking in my assignments and skilfully use technology when needed.

## Independent Work

- I regularly monitor my progress and make changes to improve my assignments and meet my goals.
- I consistently use class time well to complete tasks.
- I follow instructions with minimal supervision.

## Collaboration

- In group work I: take on different roles; complete my share of the work; help to reach agreements within the group or solve problems between group members; share resources, information, and expertise; encourage critical thinking or seek more information and judge its appropriateness or usefulness for the assignment.
- I respond positively and/or respectfully of other peoples' ideas, opinions, or traditions.
- I use personal interactions as well as social media to keep good relationships with peers.

## Initiative:

- I show curiosity and interest in my learning.
- I engage in the class topics and take advantage of chances to increase my learning or understanding
- I am willing to take risks and demonstrate pride in my work
- I have a positive attitude and take creative or inventive approaches to work
- I recognize and appropriately support the rights of others and myself

## Self-Regulation

- I set my own goals and monitor my progress to achieve them
- I seek clarification and assistance when needed
- I think critically about my own strengths, needs, and interests
- I accept feedback and assessment results positively and use them to learn and improve
- I do not give up when confronted with challenges in learning
